### The Pickle Incident

It was a fateful day in the Enivyan general chat, the sky was .elmaurl , and the grass exhumed a ghostly green. The birds chirped happily along to their days. Suddenly, AKrow stated he was going to ask a “different question in Denmark”, to which Anna suggested he would ask “Tickle my Pickle”.

Why does AKrow want a pickle tickled? This is really odd behaviour, and I am very unsure as to why he would want a vegetable to be tickled. Has AKrow gone insane? Or is this just a silly joke from Anna???

In addition, AKrow is currently away and will be going to Denmark very soon, this is a really exciting time for ALL Roundivyans!!

## **No one does anything when it's Valentina's turn to write an Article?!?**

“yeah I hate val tesco innit bruv” – sandwichpeegirl

## **AKROW UPLOADS A VIDEO??**

Akrow's bills have just come calling, that Denmark trip certainly isn't cheap...

AKrow then remembered he has a YouTube channel and decided to actually upload!

Even more damning, he included brainrot term “67” (wgat the fuck does this even mean someone tell me I am begging).

Watch it here: <https://youtube.com/shorts/aJC6nGcfWZs>

“yes im alive” – Akrow

## Pet Appreciation Credit: Plague Doctor

“Her name is Fung Huang, meaning phoenix, we call her this because there is once a typhoon in here named same as that, she is very noisy and energetic which the destruction power is like a typhoon (Her other siblings are all named in typhoon). I adopted her 3 years ago and she is a cutie. Unlike normal cat, she has a very short tail, and a very special sitting pose like a human, somehow I wonder if she is just a skinwalker with a cat skin” – Plague Doctor

## New RE Mods??????? Credit: Mia (her article)

(On Thursday the 2nd of October in RE Amgis asked Teo to be modded, which means getting a mod role. After multiple times asking Teo finally gave him the role. Then Ozin came wanting to be modded too, but Teo wanted something in return.. he wanted a femboy moderator role in a different server and got it!

With that Ozin got a mod role, then eze came in chat and got the moderators role by pure skill (actually with a head or tails game), Bollocks joined them too with “I just said can I have mod I’ll make you beans on toast and now here we are.” and 4DRIAN (a member who just joined RE) got moderator too when Teo just asked if he wanted it.

The actual moderators of RE also came into the chat during this moderators drama and were jealous about how fast they got accepted as a mod. Some moderators gave their new colleagues some tips about how to be a good moderator in RE, also stating that mod work is hard work. Rose (a real moderator in RE) said: "@moderator Take care of the chat newbies, this is a huge responsibility but i believe in u guys, yall can def make it through the first day without getting demoted (no)"

"i became mod in akrows through hard work and determination, i also have 6 pack rock hard abs" - amgis (@amgv)

"amgis was a terrible mod" - ozin (@ozhung)

"We had mod but then we didn't

#GiveBackOurModRolesWeAreVeryTrustworthyAndTotallyWontBanPeopleForTheShitsAndGiggles" - Bollocks (@southytbe)

" They were willing to demote me for them so I obviously was waiting for their failure 🙄 " - Rose (@rose\_3510)

The new mods also got their own staff-chat, where they discussed that eze is a femboy. It didn't last long because their chat got deleted by someone a few minutes later.

It all came to an end a little while later; when Amgis noticed his mod role got deleted he said: "Teo say bye to ur femboy mod role".
