GIVEAWAY CHANGE IN ENIVYA???

A fateful decision was taken in Enivya Server : removal of daily giveaways.

They have been replaced by special giveaways and normal giveaways with a system similiar to AKrow's Nest. For the special giveaway you are required to be either a server booster or a youtube member of Anna's channel while for the normal giveaways you are required level 15 and for every ten levels you gain an extra entry till level 60.

This change was made to promote an healthier activity in the server.

"gayaway" – Blue

"Meow" – Tabby

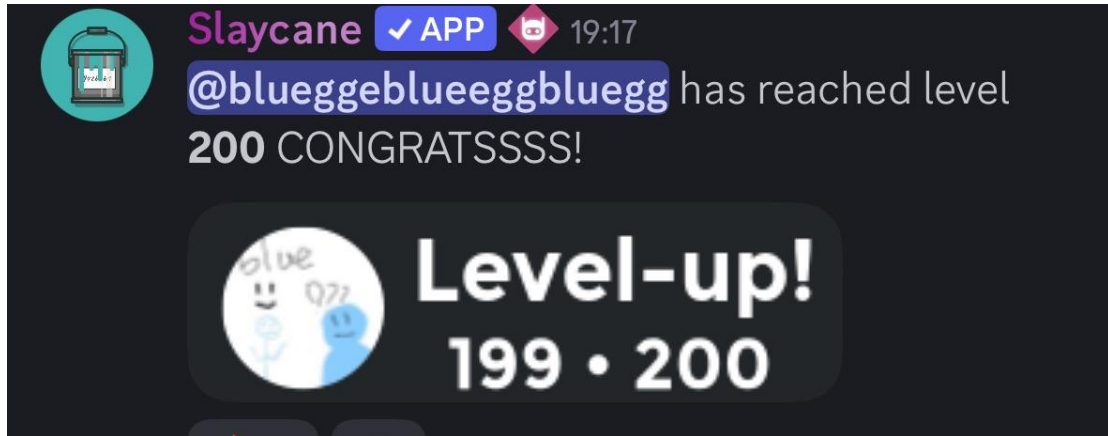

“I think the new giveaway is well needed. It makes the people who actually like the server stay, and the beggars leave! YIPEE” – Matthew

“berry smart” – lex

“i still get confused when its giveaway time and giveaway doesnt arrive but i like the new method ! live love laugh enivya” - Shoko

FIRST LEVEL 200 IN ENIVYA???

Blue (@.elmaurl), renowned member, has reached level 200 in Enivya! The advent was awkward as Sapphire did not provide Blue of his earned role. In conclusion Lem of nade had to give the role to Blue manually.

"level 200 was a massive journey for me in the server and i want to thank everyone who has ever supported me throughout the journey 😊 level200 levellevel200 levellevel200 levellevel200 level" – Blue

New youtube moderators!

Anna announced that she will be handpicking active members in the server and in her youtube streams to be youtube moderators!

So far the new moderators are: Lex, Petrah and Shoko!

“poop icon you will be missed :c other than that CONGRATS YOUTUBE MODS” – Bibi

DOGS WILL RULE THE WORLD.

Valentina hosted a Plates of Fate event in Enivya and while the first part for the robux went well, the second part, playing just for fun, were miserable.

SOMEONE (who knows who) activated the event of dog rain and the map was soon filled with thousand of dogs. On top of that black holes were spawned which made the dogs fly up in the air and move continuously. The people still in the arena were freezed: some where flying, some in the void, some fighting for their own life.

In the end the server crashed. We still have to find the culprit of such happening.

“Omgg i love the dog singularity, it is a more credible theory than the false vacuum” - Val

"the dogs overtook the server so bad it crashed, i guess who is to blame.... (cats are better anyways)"- Shoko

"ITS ENVY'S FAULT NO ONE ELSE'S IT WAS ENVY NOT "WE" ONLY ENVY WAS AT FAULT"- Tabby

"As a chemistry student, I'm glad to announce the discovery of a new air particle, dogs"- doc

Pet Appreciation Credit: Andreea

Around the end of 2024 I think my mother and I found a little orange kitten outside. His whiskers looked like they had been cut with scissors so we decided to take him in. After looking closer at him we also realised that he was cross eyed (he looks absolutely adorable when he looks at you btw). In the spirit of all orange cats he plays all day and is a big dumbass but he is a very loving car. He loves going under blankets like LOVES, if he gets the chance he takes it and just starts purring like crazy. He is also the only cat that plays with the dogs and our new kitten!

Remembrance of the legend, Otteretro

Credit: Blue

Otteretro, one of the OG members of the Enivya server. A level 80+ ranked member. He is loved by hundreds of people online. His contributions, his jokes and himself made the community an exciting and thrilling hangout server. No one knows about his identity clearly at all, he loves to stay mysterious. He could be a normal guy off the screen or a crypto billionaire. Nothing can stop this guy crack up some random jokes and make people smile everyday. His

character is beyond PEAK. His behaviour is exquisite. HE himself is phenomenal. His creativity is beyond the limits. He inspired and motivated people. He is one of the best members of the server where absolutely no one could hate this man.

But now suddenly, on 20:36 BST, he was last seen with a message saying, "alr bye". It made people think this was a normal text of just a goodbye where he would go sleep/do some work. But, seconds passed, minutes passed, hours past, days past, weeks past, months past.. he was no where to be seen in the chat. Some people made assumptions he was just taking a break... some thought he was just living life.. and some said he is tired of everything.

We still haven't heard from Otteretro since 22/05/2025. The good man, the legend of this server, he is known as "The Fool".

We will all remember his creativeness and inspirations. 🗣️💧💧💧
