### Pet Appreciation Credit: Joku

“This is my pet rooster Noki, he hatched from his egg about two years ago. His breed is Swedish Black Rooster. His mother laid 8 eggs and all of them hatched, but 5 of them got a rare disease and died 2-3 days later, he was lucky to be alive. He is a really chill and knows how to protect his flock from falcons and other predators.”

## Andreea Goes To Her First Comic Con!

Credit: Andreea\_Lestrage

On April the 25th I went to Easter European Comic Con. The day started at 5am with one hour of putting the straps of my attack on titan cosplay (wow do these straps suck). After a long drive to Bucharest my friends and I finally arrived at the con, very early actually. We made an estimate of how many Genshin cosplays we would see (we guessed 50) and the counter started. By the time the FIRST hour of the con ended we almost or actually reached 50... The place was nice with plenty of stand from where you could buy artist made stuff (I got a Mavuika keychain). After walking around a lot and taking many pictures with others (yes people came

up to us and we also went up to people) we decided to step outside and sit on our blanket when we heard music and decided to investigate. We started chilling with other people and dancing WHEN A BELLATRIX LESTRANGE COSPLAYER APPEARED. I rushed to her and we took many pictures (she was one of the nicest people too, scrap that EVRYONE at the con was very nice). And that was the most notable thing that happened at the con and I'm definitely going again! (BTW the final Genshin cosplays was like over 100)
