“it means a lot to me, it's nice to see that there's still a running newspaper in this day and age where you can barely find modern newspapers and have to resort to old ones for different purposes. although the only thing that I feel like is missing from the newspaper that the originals had was a section dedicated to comic strips. the comic strips section of the newspaper was the origins for classics like the Peanuts, Calvin and Hobbes, Garfield, Thimble Theater (aka the comic strip that introduced Popeye the Sailor), and many others that were introduced through the comics. and you can't have a newspaper without the newspaper team who spend days and hours crafting them.” – anonymous

“newspaper means a lot to me, i applied thinking of it as a silly thing to make up for time and it still is but i didnt expect it to become so meaningful to me. i wanna thank the team too you all are the best im really glad of working with you” – Shoko

“Newspaper. The newspaper. I still read it sometimes to this day. I like the newspaper I'd say. The newspaper team means a lot to me either. I was quite -and I don't like saying this- neglectful towards y'all. I shouldnt've been this ignorant. I am genuinely sorry. About newspaper though, I still remember coding the backbone of newspaper website and publishing the first ever newsletter. It was nice. This newspaper by itself isn't life changing but it made me feel a bit more proud of myself, managing things. Anyways, I got this form link by someone so don't worry, I'm not really in the server anymore nor have the time to linger around. Thanks for everything.” – Dhaloi dhaloi we miss u 🥺

Pet Appreciation Credit: Tabby

"Moerka is a female cat we just got her about 2 weeks ago. We adopted her from people who were moving countries and couldn't take care of her, so they put her up for adoption my mom saw her and we went to look at her and liked her and took her home. she doesn't like to eat a lot but is really active like she will run everywhere chase after her food if you throw it and runs after laser lights she wants to go outside really bad but we can't yet cause she doesn't have the feeling that this is her new home so there is a chance she runs away. she is 6 years old is good in making pictures is really aware of everything she hears like she will hear everything that happens in the house, you come to her if you want to pet her she doesn't come to you, you can dance with her altho she just loses her brain when she does it." - Tabby

TABBY AND SHOKO MET?!

It was 11th June in Luxembourg and I was so anxious that day. I had to pick him up at the station and when I saw him I hugged him. Then with my cousins we went sightseeing and ate chocolate in front of the Grand Duke's palace. We also did some shopping and played Exploding Kittens in a Bubble Tea Shop. I'm so grateful this happened and i can't wait to see him again.

"Shoko's cousins were SO AWESOMEEEEEEEE like the older one was so cool, the younger one bullied me in a roblox game a day earlier like it was so awesome we went into the city went to eat went on the bike like the meeting was so cool with shoko we did so much and if i get another chance ill meet again with her" – Tabby
