WHO IS AMANDA??

It all began with AKrow, a life-long Anna fanboy, saying “Amanda go go sleep,” unintentionally sparking what would become known simply as *the AMANDA incident*.

And as the newspaper team, we’re here to uncover who Amanda really is - and where she’s been hiding.

On August 3rd, at 2:29 AM GMT+03:00, AKrow casually dropped the line “Amanda go go sleep” then followed it up with “Who tf is Amanda”, acting like he had no clue who she was. Pretty obvious he was trying to cover up the fact that Amanda *actually* exists. Right after, Anna responded with a confused “Amanda...????” and soon enough, other members caught on to AKrow’s slip-up and called him out.

AKrow then tried to blame it on “autocorrect” but we all know autocorrect is predictive - it learns from what you type, and since AKrow’s been typing Amanda *a lot*, it’s unlikely to be a random mistake. Meanwhile, Anna was left heartbroken. Some say it’s just a simple typo, but come on - Anna and Amanda aren’t a one or two letter slip. That’s not how typos work.

And remember last week’s newspaper? We talked about AKrow going on “vacation”? Well, turns out that vacation was probably a visit to Amanda.

Another boomer moment is when people say “Amanda was scary,” which basically confirms Amanda is real. Anna’s so heartbroken that she even instructed automod to block the name “Amanda”. That just shows how bad AKrow messed things up. On top of that AKrow was also stripped of his meow role (which this role is only given out by Anna to her friends).

We will continue this case whenever we get more information... but this isn’t the end.

Are the Rounded Entertainment Giveaways

Rigged?* Credit: AshTheAmethyst

Are Rounded Entertainment giveaways rigged? Within the past month, zytuls has been seen winning **6 giveaways in total**. that's **3000 robux!**

A few people were asked on the issue and what they would do with the same amount that zytuls won.

*As the newspaper staff, we want to clarify that there is absolutely no evidence of any rigging involved in the giveaways. We do not rig the giveaways, nor do we have the ability to influence the outcomes in any way.

“Well zytuls is hella active so he deserves winning it. If I won 3k robux I'll probably bless my closest friends with 1k each or buy some accessories” – Lizzie (@lizzie_bookworm)

“Kinda Feel mad but well, It's Based On luck afterall. Honestly, Just use few for Other games GamePasses, then the rest of them I give them to others” – Naufy2006 (@pennytoppy)

“HE TOTALLY RIGGED IT. But lowkey I need his luck irl to get through stuff! With 3000 Robux 🤖 I would gift some dti stuff to my friends and maybe make new avatar” – Queen Raven/Gayven (@raven.exe20)

The Alphabet Cult

On August 5th, the user known as “.eze” changed their name to “.z” - apparently because it looked like a shortened, cooler version of their name. Not long after, “ozin” (who we’ve confirmed that is a friend of theirs) jumped on the trend and changed their name to “.o” to match. From there, things escalated.

According to some, “.z” supposedly convinced - or maybe manipulated - a bunch of other users to join in, forming what’s now being called the “alphabet cult”. After a full day of recruiting and borderline chaos, they somehow managed to gather enough people to claim all 26 letters of the alphabet, each with a matching dot in front.

“dhaloi make sure this goes in the newsletter because you are an amazing person (chat does this work)” – olivator (@adder4llz)

“to the two people out there, I am the original. the one and only z”– eze (@_.eze._)

AKrow gets DEMOTED?!

AKrow, known as Anna's biggest admirer, has recently been spotted missing his usual Manager and meow roles (meow role: role is only given out by Anna to her friends). This sudden change is hard to ignore and probably connects directly to the AMANDA incident, which we dugged up earlier in the newspaper.

Whether it's a punishment or something else entirely, it's clear that the whole Amanda situation has had real consequences for AKrow's standing in the community. For now, it's unclear if AKrow will stay without these roles or if he might be promoted again in the future.

"i think anna shoudl ban akrow for this" – Anonymous

"Amanda" – Anna (@enivyaa)

"i just hope he doesn't pass the trials so I can be above him 🐱" – Nimue (@n1mues)

Enivya SMP officially started!

In the last newspaper, we shared that an SMP was guaranteed to launch on Monday, and sure enough, the news was spot on. The Enivya SMP is officially live, and things are already happening in.

Member's Pets – AliHabeeb's parrot
