AKrow turned 20!!!

On the fateful day of August 18th 2025, AKrow officially lost his status as a “teenager”. He is now an old ass man! The author of this article thinks Anna should buy him a walking frame next year just to be sure...

Regardless, Happy Birthday AKrow!! We hope you enjoy your 20's and experience like, wealth?? Happiness???? Those sorts of things as one might say. OR like... ~~Amanda~~ Anna.

His birthday present from Anna was 500k Robux during her madness stream, very interesting indeed. Hopefully he uses this robux wisely...

“Well im 20 now... anna is also 20... I guess it's just meant to be” – AKrow

“Girl I'm about to board a plane 🇺🇸” – Anna

“yeahh akrow is awesome and all but you know whats better... THE enivya, he would agree too” – Envy (@eenvy.charm)

“happy birthday to akrow, he deserves to enjoy his birthday this year and many more to come :)” – m15x (@m15x)

Anna's Donation MADNESS

Anna hosted a rather eventful donation madness where she and others gave out **MILLIONS** of Robux together!! On the 16th of August she began this stream and many people got huge donations!! Such as Bibi who had this to say:

“it was one of the best events of the year and i am soooooo gratefull that i got summoned i was CRYINGGG” – Bibi (@cvtebibi)

The author of this Newspaper thinks that it is quite sad that a Roblox event was the best thing that happened to you this year!

Anyways, I also got nuked at this madness!! It was probably one (if not) the best things to happen this year, thank you so much Anna!! Now I have a little bit of Robux...

I would just like to add that during the Nuke round I have never seen Roblox lag so badly, my poor Xbox was making beeping noises and barely holding on to its life... All 3 frames it generated per second were working overtime.

If you think about it – this was probably some poor soul's first experience of PLS Donate. Relentless Donation spamming that turned their Samsung S4 Mini into a nuclear reactor.

“never in my life have i been so stressed before” – palmer (@jegharorm)

Valentina is poor

During the madness Valentina got a measly 110k Robux from both AKrow and Anna. This is clearly not enough! What can someone even do with that? Buy avatars... OF course not. She must be so sad to have such a small Robux Balance (80k). What could she even buy? Headless??? Hi afreen by the way!!!!!!

This is the Roundivyan Time's first ever ragebait article, it is mediocre at best. Hello, we have run out of stories for this week CAN YOU DO INTERESTING THINGS GOSHHH!!

Only Dhaloi writes the articles allegations

Hi do I LOOK like I am called Dhaloi?????????

In all seriousness, Dhaloi wanted to clear this up, here is what he had to say!

“From time to time, people assume that every article in our newspaper is written by me, dhaloi. While I'm usually involved in each newspaper, thats not exactly true.

My official role is *Publisher*. I handle the publishing side, take care of the technical details, fix any final mistakes our reviewers point out, and give the newspaper a final polish before it goes live.

Most of the writing comes from our amazing team. They create the articles you read, without them, the newspaper wouldn't be as full or interesting.

Each week, one writer volunteers to take that week's turn and is credited as *Author*. This usually means they wrote most of that week's content and often wrote one or more articles, but sometimes it can mean they wrote the entire newspaper themselves. If my name appears as Author, it just means I took that week's turn, not that I always wrote everything by myself.

Sometimes I also do write the newspaper myself when our writers are busy. This keeps things consistent and makes sure that there is a new newspaper every week, but I'm not the only one working on it.” – DhaloiOfGreece (publisher here, what the hell im not greek)

“what if this time its his ACTUAL 13th birthday which would mean he lied THREE times about his age????? regardless happy birthdayf lie lie liar” – Envy (@eenvy.charm)
